SERIOUS FLOOD THREATENED.
Ottumwa, Ia. (la.) Partly Under Water and River Still Rising.
Ottumwa, Ia., Aug. 19.—A serious flood menace the territory along the Des Moines river from Des Moines to Keokuk. The stream is rising and indications are that several blocks of houses in the lowlands of the city will be surrounded by several feet of water before morning. Heavy rains have caused a rise in the Raccoon river and this will augment the flood. Families are moving out of the basements in the business district of Ottumwa, which is under water.

TEAM OF MULES RUN AWAY.
Strike a Light Wagon, Killing a Child and Injuring Other People.
Menasha, Wis., Aug. 19.—A team of mules driven by Henry Oberweiser took fright at a passing locomotive at the Wisconsin Central station here during the afternoon and crashed into a light wagon containing Mrs. Wesselhoeft of 630 West Nineteenth street, Chicago, and two children, Clara and Fred, aged three and six respectively, and Mrs. Augusta Boreman of Neenah. Clara was instantly killed and the rest of the party sustained serious injuries but are expected to recover.

HEAVY DAMAGE REPORTED.
Lightning, Rain and Wind Play Havoc in Iowa and Illinois.
Burlington, Ia., Aug. 19.—Reports from Iowa and Illinois tell of damage by Sunday night's rain and thunder storms. Three inches of water fell in twenty-four hours. Creeks were out of their banks and swept bridges and farm property away. Many hay and grain stacks were struck by lightning and burned. Several branch railroads suffered bad washouts delaying trains. Grain in stacks is reported in bad condition from excessive moisture.

Storm Kills a Little Child.
Springfield, Ill., Aug. 19.—An electrical storm caused the death of twelve-day-old Freddie Benning, who probably was the tiniest baby ever born in this city. The child weighed less than a pound at the time of birth. Tremendous claps of thunder threw the child into spasms with fatal results.

Kansas Town Struck by a Tornado.
Wichita, Kas., Aug. 19.—Meagre information reached the Rock Island office here that a tornado struck the town of Lost Springs during the day, demolishing a grain elevator, a church and five residences and blowing three freight cars off the railroad track.

Swiss Judge Falls Over Precipice.
Zermatt, Switzerland, Aug. 19.—The body of Dr. Largin, chief judge of the Berne court, was found at the bottom of a precipice of Mount Dom, which the deceased climbed last Saturday.

Two Boys Drown in a Well.
Irvington, Neb., Aug. 19.—E. E. Chambers and Guy Williams, boys, were drowned in a well here. Young William dropped his hat in the well and was lowered down in the bucket by Chambers. When near the bottom he fell out and Chambers went to his rescue. They were both overcome by gas and were dead when taken out.

Aged Couple Burn to Death.
St. John, N. B., Aug. 19.—Oliver Gough and his wife, both about seventy years old, were burned to death at their home at Midway, Albert county.

Rains Quench Forest Fires.
Florence, Wis., Aug. 19.—A providential downpour of rain which continued for several hours drenched this vicinity and smothered the forest fires which have been raging for the past few days.

ISLAND STRICKEN

TORISHIMA COMPLETELY OVERWHELMED BY A VOLCANIC ERUPTION.

HUNDRED AND FIFTY DEAD

EVERY INHABITANT UNDOUBTEDLY PERISHED IN THE UPHHEAVAL.

ALL THE HOUSES ARE GONE

ENTIRE ISLAND COVERED WITH DEBRIS AND ERUPTION CONTINUES.

Yokohama, Aug. 19.—The little island of Torishima was overwhelmed by a volcanic eruption between Aug. 10 and Aug. 15, and all of the inhabitants, numbering 150 persons, were undoubtedly killed. The island is covered with volcanic debris and all the houses on it have disappeared. The eruption is still proceeding and is accompanied by submarine eruptions in the vicinity which make it dangerous for vessels to approach the island.

Torishima is one of a chain of islands extending between the Bonin islands and Hondo, the biggest island of Japan.

RENEWING THEIR ATTACKS.

Moros in Mindanao Greatly Annoying American Outposts.

Manila, Aug. 19.—The Moros in Mindanao are renewing their attacks upon the outposts and pack trains of the American column at Lake Lanao, which is under the command of Captain J. J. Pershing of the Fifteenth cavalry. The Americans have successfully repulsed the Moro attacks and have suffered no losses.

The commanders of the American forces on Mindanao report aggressive action against the Moros to be necessary and ask permission to move against Bacolod and other strongholds of the hostile Mohammedans. There are about 2,000 American soldiers in Mindanao available for the desired aggressive move. It is believed that this number is sufficient to defeat the Moros.

BATTLE NEAR MANILA.

Four Members of the Constabulary and Three Ladrones Killed.

Manila, Aug. 19.—A force of native constabulary engaged a band of ladrones in a sharp fight last Saturday near Calocan, about four miles north of Manila. The arrival of reinforcements for the constabulary won them the victory. Four members of the constabulary were killed and one was wounded. The ladrones left three of their number dead, but carried off their wounded.

The chase of the Cavite ladrones through the mountains of that province continues. Forces of native constabulary have had encounters with the bands of Felizardo and Montallon. Several of the ladrones were killed or captured and a quantity of their supplies was destroyed.

GUILTY OF LIBEL.

Editor and Proprietor of Manila Freedom Both Convicted.

Manila, Aug. 19.—Judge Amber, who has conducted the trial of Frederick Dorr, proprietor, and Edward O'Brien, editor of Freedom, who were charged with libelling Benito Legarda, a Filipino member of the civil commission, announced that he found the defendants guilty. They were not sentenced. Judge Amber decided that the headlines of the article in question published in Freedom were libelous and that the text of the article was not privileged because it was published maliciously and was therefore libelous.

FIERCE FIGHT IN KENTUCKY.

One Dead and Eight Wounded Near Travelers Rest.

Beattyville, Ky., Aug. 19.—News has reached here of a terrible fight near Travelers Rest, Owsley county, as a result of which Jesse Neely is dead, Robert Allen is mortally wounded, James Neely's arm is shot off, Reuben Fox and four others are slightly wounded and Mrs. William Peters is shot in the leg.

MEXICAN POLICE KILLED.

Stabbed by Friends of Desperado Whom They Had Arrested.

Maricopa, Ariz., Aug. 19.—Leonardo Torres and Captain Gomez of the Cananea, Mexico's special police, were fatally stabbed by friends of a desperado whom they had arrested and were attempting to convey to prison. The murderers made their escape.

SANITARIUM PLAN DEFEATED.

Supreme Lodge Knights of Pythias Turns Down the Proposition.

San Francisco, Aug. 19.—At the session of the supreme lodge Knights of Pythias during the day the proposition to erect a sanitarium at Hot Springs, Ark., for sick and disabled Knights was definitely defeated and the report of the special investigating committee adopted at the last session was disregarded. It was the voice of the supreme lodge that it has no right under its constitution to tax the members of the order for such a purpose.

The sanitarium project has been before the supreme lodge for twelve years, but at each previous session it was referred to committees until two years ago when a special committee was appointed to make a final report on the matter. The government offered to give a lease of five acres of land to the Pythians for a period of ninety-nine years for the purpose of building the sanitarium. It was proposed to erect buildings at a cost of \$250,000, the expense to be borne by a per capita tax of 10 cents on each member of the order to be levied semi-annually for a period of five years.

AT THE PROPER TIME.

President C. M. Schwab Will Then Talk About His Resignation.

Altoona, Pa., Aug. 19.—C. M. Schwab, president of the United States Steel corporation, was at Cresson Sunday night. Persons from this city who know him and saw him say that he is apparently in good health. P. A. Schwab, an uncle of this city, who keeps in close touch with the steel magnate, declares that Mr. Schwab is not nearly so sick a man as has been reported. "We are not at all alarmed at his condition, although he has been recommended to keep quiet and rest."

"Does Mr. Schwab intend to resign the presidency of the United States Steel corporation?" was asked.

"Mr. Schwab will answer that question for himself when the time comes. What he has told me in strictest confidence I shall not repeat."

It is learned that Mr. Schwab proposes to sail for Europe Wednesday or Thursday. His friends stated that he was going to take his vacation abroad and spend at least two months visiting England, France, Germany and Austria.

JUSTICE SHIRAS TO RETIRE.

Will Leave the Supreme Bench When Court Adjourns Next May.

Pittsburg, Aug. 19.—"It is true that my father expects to retire from the bench of the supreme court early in the coming year," said George Shiras during the day.

This is the first direct statement confirmatory of the report that Justice Shiras contemplated leaving the bench.

Speaking of his retirement, Attorney George Shiras said:

"There is no particular reason behind the retirement except that my father believes that there is wisdom in the law passed by congress enabling judges to retire when they have reached the age of seventy years."

"I do not know that a positive time has been set. One report, I see, says that he will leave the bench in April next. My opinion is that if he remains there that long he will continue in service until May, when the adjournment of the court occurs."

DIED FROM STARVATION.

Seventeen Hundred Dollars Cash Found in a Prospector's Cabin.

Salt Lake, Utah, Aug. 19.—The body of Peter Anderson, known as the hermit of Park City, has been found in his lonely cabin near the Anchor mill in the Park City mining district. Anderson had evidently been dead for weeks. It is believed that he died from starvation, notwithstanding that \$1,700 in cash was found secreted in the cabin. It is believed that fully \$10,000 lies in his credit in various banks. For twenty-six years Anderson had lived around Park City, at times owning many valuable mining properties. He was always extremely miserly. His only known relatives live in Sweden.

DISCUSSED FALL CAMPAIGN.

Congressmen Babcock, Hull and Overstreet Dine With the President.

Oyster Bay, N. Y., Aug. 19.—Congressmen Babcock of Wisconsin, Hull of Iowa and Overstreet of Indiana were the guests of President Roosevelt at dinner. Mr. Babcock is chairman of the Republican congressional committee, Mr. Overstreet is secretary to the committee and Mr. Hull is chairman of the advocacy committee of that body. They discussed the coming fall campaign and left on a late train for New York. This is Mr. Overstreet's second visit in two weeks.

POWER LEAVES MONTREAL.

Plaintiff in the Railway Merger Suit Starts for New York.

Montreal, Que., Aug. 19.—Peter Power, the plaintiff in the suit brought against the directors of the Northern Pacific railway in New York, who has been sojourning in Montreal with his wife for several weeks, has left in company with his wife and his counsel, Mr. Lamb, for New York. On his arrival in New York he will surrender himself to the United States marshal and be ready to go on the stand.

SIX FEARFULLY BURNED

FATAL RESULT OF LIGHTING A WOOD STOVE FIRE WITH KEROSENE.

AWFUL EXPLOSION OCCURS

Husband and Infant Child Die of Their Burns, Wife and Another Child and Two Children of a Neighbor Fatally Injured at Gering, Neb.

One Man Carries the Victims Out of the Blazing House.

Gering, Neb., Aug. 19.—Two persons dead, three more at the point of death, a sixth fearfully burned, and a residence in Gering in ashes is the result of lighting a fire with kerosene. C. N. McCormey, whose wife had been ill for several days, was attempting to start a fire in a wood stove when the oil exploded, setting fire to her clothing and throwing burning fluid all over the room. He was fearfully burned and ran screaming out of the house. Before help could arrive the fire had also burned his helpless wife, a baby only a few days old, their two-year-old son and the two little daughters of Luther A. Cook, a neighbor, who were playing with the McCormey boy. County Treasurer Edward J. Whipple, who was attracted by McCormey's cries, was the first to arrive, and although the house was a mass of flames, he rushed in and carried out the burning woman and three of the children. The fourth child had in some way escaped. All of them were frightfully burned. McCormey lingered in agony for several hours, when he died. The baby is also dead. The death of Mrs. McCormey and the two Cook children is expected and the physicians offer little hopes for any of them.

FATALITIES IN A STORM.

Woman and Her Two Children Killed in North Dakota.

Grand Forks, N. D., Aug. 19.—Word is just received of three fatalities in Sunday's storm.

Eight miles east of Rolla the house of a settler was blown down and the mother and two children were crushed beneath the debris. A little boy was instantly killed, and the mother and daughter were so seriously injured that they died later. They were beneath the wreck for three hours before they could be extracted. The settler himself, whose name was not reported, was away from home at the time of the storm.

The storm passed over the village of Rolla, but did no damage there. Farther east it developed into a small but furious cyclone and several buildings were wrecked. Half farther southeast and did considerable damage to crops. Several fields in the valley were ruined. Lightning did some damage in the country and heavy rain fell over a wide area.

Congressman Hitt Seriously Sick.

Chicago, Aug. 19.—Congressman Robert R. Hitt of the Ninth Illinois district is seriously ill at the Stratford hotel. While driving to the depot to take a train for his home in Mount Morris, Ill., he was taken violently sick with dysentery and was compelled to return to the hotel, where he was put to bed. About the hotel the impression was general that Mr. Hitt was a very sick man.

DEPUTY KILLS A STRIKER.

Cooler Heads Among the Miners Prevent a Serious Riot.

Nesquehoning, Pa., Aug. 19.—In a clash between striking mine workers and deputies here, Patrick Sharp, a striker of Lansford, was shot and killed almost instantly by a deputy. The shooting caused considerable excitement for a time, but order was soon restored without any other persons being injured and the town is now quiet. A deputy named Harry McElmoyle was arrested charged with the killing of Sharp and was taken to the county jail at Mauch Chunk.

The shooting occurred shortly after six o'clock. Five deputies were on their way to Shaft No. 1 of the Lehigh Coal and Navigation company, just outside of the town. In the center of the town they were met by a number of strikers who began persuading them not to go to the colliery. The officers did not stop but kept on their way and tried to prevent any trouble.

The strikers, it is said, then began to abuse the men and followed them nearly up to the colliery. There are conflicting stories as to what actually brought on the clash, but just before the deputies entered the place a shot was heard and Sharp dropped to the ground. The bullet entered his body close to his heart and he died almost instantly. Witnesses say that the shooting was done by McElmoyle, and that he stood only six or seven feet from Sharp when he fired his revolver. Only one shot was fired.

MORE SHOPMEN ON STRIKE.

Carpenters, Painters and Coach Builders Walk Out at Omaha.

Omaha, Aug. 19.—The ranks of the striking shopmen on the Union Pacific railroad were augmented by the walkout of nearly 200 carpenters, painters and coach builders in the shops at this point. Both the carmen and the machinists, however, say the strike is not a sympathetic one and that the carshop men strike is in protest against the piece work system recently inaugurated by the railroad company.

At Union Pacific headquarters it was stated that positively the strike was without significance so far as it may result in any inconvenience to the company. One prominent official said the men had violated a contract to which they had themselves agreed and that there was nothing to do but fill their places. This, he said, could easily be done when men were needed, but that the company had little use for the carmen at this season.

Beyond a statement of Governor Savage that the state militia would not be called out to guard property and men at North Platte, nothing new developed in the situation at that place.

One Killed in Freight Collision.

Holdrege, Neb., Aug. 19.—In a collision in the Burlington yards between a double header freight and an extra freight, William Francisco, engineer, was killed, and Ed Montange, engineer, and U. G. Houtchin, fireman, were severely injured. All three engines are badly demolished and many cars were thrown from the track, delaying traffic.

Tragedy Remains a Deep Mystery.
Muscatine, Ia., Aug. 19.—Jesse Tuman, the man found Saturday night nearly dead in a lonely woods with his murdered wife a short distance away, died during the day. He did not reveal anything concerning the tragedy, nor did the inquest on Mrs. Tuman bring to light any facts that might solve the mystery surrounding the tragedy.

A deputy named Harry McElmole was arrested charged with the killing of Sharp and was taken to the county jail at Mauch Chunk.

The shooting occurred shortly after six o'clock. Five deputies were on their way to Shaft No. 1 of the Lehigh Coal and Navigation company, just outside of the town. In the center of the town they were met by a number of strikers who began persuading them not to go to the colliery. The officers did not stop but kept on their way and tried to prevent any trouble.

The strikers, it is said, then began to abuse the men and followed them nearly up to the colliery. There are conflicting stories as to what actually brought on the clash, but just before the deputies entered the place a shot was heard and Sharp dropped to the ground. The bullet entered his body close to his heart and he died almost instantly. Witnesses say that the shooting was done by McElmole, and that he stood only six or seven feet from Sharp when he fired his revolver. Only one shot was fired.

MORE SHOPMEN ON STRIKE.

Carpenters, Painters and Coach Builders Walk Out at Omaha.

Omaha, Aug. 19.—The ranks of the striking shopmen on the Union Pacific railroad were augmented by the walkout of nearly 200 carpenters, painters and coach builders in the shops at this point. Both the carmen and the machinists, however, say the strike is not a sympathetic one and that the carshop men strike is in protest against the piece work system recently inaugurated by the railroad company.

At Union Pacific headquarters it was stated that positively the strike was without significance so far as it may result in any inconvenience to the company. One prominent official said the men had violated a contract to which they had themselves agreed and that there was nothing to do but fill their places. This, he said, could easily be done when men were needed, but that the company had little use for the carmen at this season.

Beyond a statement of Governor Savage that the state militia would not be called out to guard property and men at North Platte, nothing new developed in the situation at that place.

One Killed in Freight Collision.

Holdrege, Neb., Aug. 19.—In a collision in the Burlington yards between a double header freight and an extra freight, William Francisco, engineer, was killed, and Ed Montague, engineer, and U. G. Houtchin, fireman, were severely injured. All three engines are badly demolished and many cars were thrown from the track, delaying traffic.

Tragedy Remains a Deep Mystery.

Muscataine, Ia., Aug. 19.—Jesse Tuman, the man found Saturday night nearly dead in a lonely woods with his murdered wife a short distance away, died during the day. He did not reveal anything concerning the tragedy, nor did the inquest on Mrs. Tuman bring to light any facts that might solve the mystery surrounding the tragedy.

SERIOUS FLOOD THREATENED.

Ottumwa (Ia.) Partly Under Water and River Still Rising.

Ottumwa, Ia., Aug. 19.—A serious flood menace the territory along the Des Moines river from Des Moines to Keokuk. The stream is rising and indications are that several blocks of houses in the lowlands of the city will be surrounded by several feet of water before morning. Heavy rains have caused a rise in the Racoon river and this will augment the flood. Families are moving out of the basements in the business district of Ottumwa, which is under water.

TEAM OF MULES RUN AWAY.

Strike a Light Wagon, Killing a Child and Injuring Other People.

Menasha, Wis., Aug. 19.—A team of mules driven by Henry Oberweiser took fright at a passing locomotive at the Wisconsin Central station here during the afternoon and crashed into a light wagon containing Mrs. Wesselhoeft of 530 West Nineteenth street, Chicago, and two children, Clara and Fred, aged three and six respectively, and Mrs. Augusta Boreman of Neenah. Clara was instantly killed and the rest of the party sustained serious injuries but are expected to recover.

HEAVY DAMAGE REPORTED.

Lightning, Rain and Wind Play Havoc in Iowa and Illinois.

Burlington, Ia., Aug. 19.—Reports from Iowa and Illinois tell of damage by Sunday night's rain and thunder storms. Three inches of water fell in twenty-four hours. Creeks were out of their banks and swept bridges and farm property away. Many hay and grain stacks were struck by lightning and burned. Several branch railroads suffered bad washouts delaying trains. Grain in stacks is reported in bad condition from excessive moisture.

Storm Kills a Little Child.

Springfield, Ill., Aug. 19.—An electrical storm caused the death of twelve-day-old Freddie Benning, who probably was the tiniest baby ever born in this city. The child weighed less than a pound at the time of birth. Tremendous claps of thunder threw the child into spasms with fatal results.

Kansas Town Struck by a Tornado.

Wichita, Kas., Aug. 19.—Meagre information reached the Rock Island office here that a tornado struck the town of Lost Springs during the day, demolishing a grain elevator, a church and five residences and blowing three freight cars off the railroad track.

Swiss Judge Falls Over Precipice.

Zermatt, Switzerland, Aug. 19.—The body of Dr. Largin, chief judge of the Berne court, was found at the bottom of a precipice of Mount Dom, which the deceased climbed last Saturday.

Two Boys Drown in a Well.

Irrington, Neb., Aug. 19.—E. E. Chambers and Guy Williams, boys, were drowned in a well here. Young Williams dropped his hat in the well and was lowered down in the bucket by Chambers. When near the bottom he fell out and Chambers went to his rescue. They were both overcome by gas and were dead when taken out.

Aged Couple Burn to Death.

St. John, N. B., Aug. 19.—Oliver Gough and his wife, both about seventy years old, were burned to death at their home at Midway, Albert county.

Rains Quench Forest Fires.

Florence, Wis., Aug. 19.—A providential downpour of rain which continued for several hours drenched this vicinity and smothered the forest fires which have been raging for the past few days.

The Detroit Record sounds a note of warning aent the coming primary election, report having reached its editor that the chairman of the town board of a certain township deemed it inadvisable to hold the primary election owing to the absence of many of the voters. It says: "There are, doubtless, many other township officers who do not realize the importance of these primary elections under their respective jurisdictions. The law is as specific in its declaration of the duties of town and village officers relative to the opening of the polls and the proper conduct of the primary as it is with reference to the general election in November, and the town board which would arbitrarily refuse to prepare for such nominating election on the ground of expense would be committing a breach of duty which would be inexcusable. The ballots are to be provided and carriers are to be paid by the county the same as heretofore at the general elections, and every voter has a right under the law to insist upon his privilege of registering his choice for the party nominees."

ASK THE INDIANS TO LEAVE HOME

Mille Lacs Indians will be Invited to Remove to White Earth Reservation.

POW-WOW BEING HELD TODAY

Indian Agent Simon Michelet and Major McLaughlin go to See Red Men.

Simon Michelet, Indian agent at White Earth, who, accompanied by Major James McLaughlin, passed through the city Sunday afternoon enroute to Mille Lac lake, had an unusual mission to perform, as yesterday upon the shores of the great lake which bears their name the chiefs of the Mille Lacs Indians assembled in the council circle and, accompanied by all the accessories of form and barbaric solemnity which marked the grave debates of their early ancestors, deliberated with the envoys of the white man's government upon the all important question of their tribe's future dwelling place.

Major James McLaughlin, Minnesota's veteran of the Indian service, accompanied by Simon Michelet, agent of the White Earth reservation, met the assembled Indians, and endeavored in the name of the United States government to induce the 1,000 Chippewas composing the tribe, to abandon their nomadic life in the great forests on the shores of the big lake and take up their abode on the land allotted them in the White Earth reservation.

The Indians love their home lands and all inducements offered hitherto have failed to elicit from them anything but positive refusal to vacate. It is thought that the situation today is much more likely of favorable outcome. The government has authorized extensive allotments to the Mille Lacs tribe in the White Earth district, consisting of eighty acres of good tillable land for each man, woman and child.

The Indians have been the authors of many valuable improvements in the territory which they have occupied for so many years. Last winter congress appropriated \$40,000 to pay them for these improvements, which will be appraised with the consent of the Indians, who will receive the appraised price on condition that they move to White Earth and take allotments there. It is the mission of Messrs McLaughlin and Michelet to accomplish an encouraging presentment of the government's plans and induce the Indians to consent to this step.

Major McLaughlin has been for thirty years in the Indian service and has proved himself an expert in the conduct of treaties and agreements with the tribes. Mr. Michelet was appointed to White Earth from Minneapolis and has been very successful in handling his wards. It is thought the council will cover a period of three or four days, as all of the leading Indian orators will demand their full say and the white chiefs may find it necessary to use many persuasions. The place designated for the meeting is some forty miles from the nearest railroad station. There are some white settlements in the vicinity, but the presence of the roving Indians has kept all but the most venturesome away from the lands about the lake, where the Indians hunt and fish and do very little manual labor. What the removal of the tribe from their hunting grounds means to the survivors of the great Chippewa nation can be readily imagined from the fact that the occupancy of the regions by them was recorded by Radisson, Du Luth, Accault and Hennepin in the middle of the seventeenth century and probably dates from untold ages previous to the influx of the whites. The district which they occupy has been made the subject of an exhaustive study aided by personal explorations and preserved in book form by J. V. Brower and D. I. Bushnell, Jr., of the Minnesota Historical society.

ASK THE INDIANS TO LEAVE HOME

Mille Lacs Indians will be Invited to Remove to White Earth Reservation.

POW-WOW BEING HELD TODAY

Indian Agent Simon Michelet and Major McLaughlin go to See Red Men.

Simon Michelet, Indian agent at White Earth, who, accompanied by Major James McLaughlin, passed through the city Sunday afternoon enroute to Mille Lac lake, had an unusual mission to perform, as yesterday upon the shores of the great lake which bears their name the chiefs of the Mille Lacs Indians assembled in the council circle and, accompanied by all the accessories of form and barbaric solemnity which marked the grave debates of their early ancestors, deliberated with the envoys of the white man's government upon the all important question of their tribe's future dwelling place.

Major James McLaughlin, Minnesota's veteran of the Indian service, accompanied by Simon Michelet, agent of the White Earth reservation, met the assembled Indians, and endeavored in the name of the United States government to induce the 1,000 Chippewas composing the tribe, to abandon their nomadic life in the great forests on the shores of the big lake and take up their abode on the land allotted them in the White Earth reservation.

The Indians love their home lands and all inducements offered hitherto have failed to elicit from them anything but positive refusal to vacate. It is thought that the situation today is much more likely of favorable outcome. The government has authorized extensive allotments to the Mille Lacs tribe in the White Earth district, consisting of eighty acres of good tillable land for each man, woman and child.

The Indians have been the authors of many valuable improvements in the territory which they have occupied for so many years. Last winter congress appropriated \$40,000 to pay them for these improvements, which will be appraised with the consent of the Indians, who will receive the appraised price on condition that they move to White Earth and take allotments there. It is the mission of Messrs McLaughlin and Michelet to accomplish an encouraging presentment of the government's plans and induce the Indians to consent to this step.

Major McLaughlin has been for thirty years in the Indian service and has proved himself an expert in the conduct of treaties and agreements with the tribes. Mr. Michelet was appointed to White Earth from Minneapolis and has been very successful in handling his wards. It is thought the council will cover a period of three or four days, as all of the leading Indian orators will demand their full say and the white chiefs may find it necessary to use many persuasions. The place designated for the meeting is some forty miles from the nearest railroad station. There are some white settlements in the vicinity, but the presence of the roving Indians has kept all but the most venturesome away from the lands about the lake, where the Indians hunt and fish and do very little manual labor. What the removal of the tribe from their hunting grounds means to the survivors of the great Chippewa nation can be readily imagined from the fact that the occupancy of the regions by them was recorded by Radisson, Du Luth, Accault and Hennepin in the middle of the seventeenth century and probably dates from untold ages previous to the influx of the whites. The district which they occupy has been made the subject of an exhaustive study aided by personal explorations and preserved in book form by J. V. Brower and D. I. Bushnell, Jr., of the Minnesota Historical society.

MAN SHOT BY NEGRO DIED LAST NIGHT

Fred Stevens Dies From Wounds
Inflicted by a Gun Shot
Near Bismarck.

BROTHER OF J. F. CASEY KILLED

Telegram Received this Morning
From Neche That the Acci-
dent Occured Last Night

Fred Stevens, the Northern Pacific brakeman, who was brought to this city a few days ago from Bismarck in the custody of a doctor and another friend, died last night at the Sanitarium from the effects of a revolver shot wound which he received a short time ago near Bismarck. Stevens while on duty was shot by a colored man by the name of Walters. The latter had been ejected from a passenger train upon which he was trying to steal a ride and when Stevens had turned his back he was shot in the hip. He was brought to Brainerd and yesterday it was deemed necessary to perform an operation and his leg was amputated at the hip. He did not recover from the effects of this operation.

The colored man had been captured at Sterling, N. D., and was being held pending Stevens' condition. It will probably go pretty hard with him as the result of the death.

James F. Casey, who works at the shops, left this afternoon accompanied by his wife for Moorhead. This morning he received a telegram stating that his brother Henry, who is a fireman on the Great Northern, was killed at Neche, N. D. The details of the accident were not given.

FARM MACHINERY.

An Enormous Exhibit to be Made at the
State Fair.

The farm machinery department of the Minnesota State Fair will be larger than ever this year. As an illustration of what may be expected the report of W. G. Sawyer, of the board of managers, is pertinent. Early in June he said that there had been more applications for space for farm machinery and implements than had ever before been made by September 1st. This not only insures a gigantic display of such articles and machines, but is an indication of what may be expected in other lines. For farm machine men are no more eager to break into the fair than other classes and interests. The state fair dates this year are Sept. 1st to 6th. All roads have made half-fare rates.

THOUSAND DOLLAR DAMAGE TO SEWER

Big Rain of Night Before Last
Plays Havoc with Laurel
Street Sewer.

MUST BE TORN UP TWO BLOCKS

Sewer Pipes Became Disconnected
and They Were Washed
Into the River.

During the heavy rain storm night before last the Laurel street sewer was damaged it is thought to the extent of \$1,000 and it will take some time to have it repaired. The water ran down the basin at Second street and with such force that it disconnected the sewer pipe going down the grade. This gave the water a leave way and the pipe and debris were washed into the river with great force.

It is said that it was a close call for the Mississippi river wagon bridge approach, as considerable of the embankment was torn away in the rush of the water.

ST. CLOUD TOMORROW.

The Fast Granite City Team to Play in
Brainerd Tomorrow--Brainerd Lost
to Ashland Again.

Brainerd 1; Ashland 3.
Again Brainerd went down to defeat against the husky Wisconsin team from Minneapolis in a very pretty exhibition game played yesterday evening at the Athletic Park. With a couple of good lifters over the fence and an error on Brainerds' infield two scores were passed in in the fifth inning which gave them the game as neither team scored after that time. Then, too, Brainerd played unlucky. It looked good on several occasions after this inning for Brainerd but the superior infield work of the Ashland team at opportune times, when Brainerd is usually known to fall down, always kept the locals from scoring.

Dr. Watkins was in the box for the locals and he played a great game. These men from Wisconsin are hitters and they are the best team that has been here this summer but the wirey little doctor held them down to six hits and nine of them fanned the air. Revoyer, a pitcher, who was tried out by Chicago not long ago was in the box for Ashland and he played like a major too. He struck out ten men and allowed but seven hits. It was an even battle all the way through and the exhibition was well worth the price of admission several times over.

Yesterday's game was featured by the fast work of Denis Sullivan in left field. Denis is a humming bird and is one of the fastest in the business. He got seven putouts in left field yesterday and his work was very pretty.

The Brainerd boys made short work of the Ashlandites in the first inning Grubner up went out from Flynn to Williams, Walters flied out to Williams, Wittkow singled but Were went out from Watkins to Williams. For Brainerd Bothne got life on Olmstead's error and Sullivan singled, passing Bothne to second. Nehr drove one way out to the center garden that looked good for a time for a homer, but it fell short and was taken in by Wittkow, Bemis struck out and Spellicy went out from Olmstead to Were, retiring the side. In the second Gardner up for Ashland flied out to Spellicy, Erickson singled, Leonard flied out to Sullivan and Revoyer went out from Flynn to Williams. It was in the second that the first score was made during the game by Brainerd, Flynn went out on a bunt strike and Williams went out on a dinky liner to Were at first. Boyle cleared the gang for a two bagger and on Grubner's error Watkins got life at first, Boyle scoring on the play. Bothne went out from Grubner to Were, retiring the side.

In the first of the third Ashland scored once. Dr. Watkins passed one man and hit another and on a long fly to Sullivan Grubner made home.

Brainerd did not score again during the game, but Ashland did score in the fifth twice and won the game. They played extremely lucky at that and were not licensed to make such a score. Walters opened the game with a hot two bagger and then

Wittkow got life on Flynn's error. Were struck out but Walters had already crossed the pan and Wittkow had advanced to third, Gardner hit a long fly to Sullivan in left field and Wittkow scored on the play. The rest of the game was a see saw match and was fast and furious.

The following is the summary of the game:

William Spellicy, who has been playing on the infield for Brainerd during the summer, was released last night and left today for the east. The Brainerd fans are sore on Spellicy on account of his everlasting chewing the rag and game after game they have sounded their disapproval. He plays hard but is not there with the goods.

The games at Willmar and Litchfield with St. Cloud have been cancelled as it was thought that they would not be profitable from a financial standpoint. Brainerd and St. Cloud can draw better crowds and make more money playing with each other than any two teams in the state, and they might just as well play on their home grounds.

St. Cloud will be here tomorrow and Thursday to play two games with the Brainerd team and it is something that the Brainerd fans have been looking for for a long time. The St. Cloud team and the Brainerd team has played five games together, and of this number, St. Cloud has won three, so tomorrow evening Brainerd wants the game. The game will be called at 5:30 o'clock and there should be a large attendance. Bemis will be in the box for the locals and in all probability the opposing pitcher will be Kilroy. It ought to be a fast game.

Footner, at that time being superintendent of express for the Northern Pacific. Mrs. Footner had been ill for quite a long time and her death was momentarily expected.

Look Pleasant, Please.
Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by McFadden Drug Co. and H. P. Dunn & Co. "NORTH COAST LIMITED"
of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission May 4, 1902.
This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.
The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.
New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unexcelled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room Free, others holding first-class tickets pay a small fee for the privilege.
This train carries the east-bound Yellowstone Park travel and the Park Pullman during the Park season, May 30 to September 15th.

IN SEVENTEEN ROUNDS

GEORGE GARDNER DEFEATS JACK
ROOT IN A SPEEDY CONTEST
AT SALT LAKE CITY.

BOTH MEN BLEED FREELY

Remarkable Gameness Shown by the
Fighters Under the Severe Pun-
ishment—Gardner Devotes His En-
tire Attention to Root's Stomach,
Regardless of the Latter's Blows on
His Face—Root's Left Hand Broken.

Salt Lake City, Utah, Aug. 19.—
George Gardner of Lowell, Mass., de-
cisively defeated Jack Root of Chi-
cago, who defeated him several
months ago in San Francisco, by
knocking him out in the seventeenth
round of a fight remarkable for its
speed and the gameness under punish-
ment shown by both men.

Gardner showed a knowledge of
Root's weak spot—his stomach—and,
disregarding Root's left jabs, which
found his face time and again, de-
voted his entire attention to Root's
stomach. Root showed the effects of
the body punishment he received as
early as the seventh round and plain-
ly lost speed after that round.

Gardner was very tired in the
twelfth and thirteenth rounds, but
came up fresh again in the fifteenth
round, and, utterly disregarding Root's
jabs on his cut and bleeding face, put
his head between his shoulders like
Terry McGovern, and bored in. Root
was in distress in an instant. Half a
dozen rights and lefts squarely in the
pit of the stomach brought him to his
knees near the ropes, the gong saving
him. Root went down again in the
sixteenth from a left hook on the shin
which all but put him in dreamland.
The end came in the next round.
Gardner paying no attention to Root's
swings, rushed his man to the ropes,
planted his left and right to the
stomach and the latter went down
gasping for breath. Root got up only
to go down again. The third time
he struggled with his feet Gardner was
on him like a flash. Working his
right and left like piston rods, Gardner
fairly caved in Root's ribs and the
latter sank slowly to his knee, then
rolled over on his back. He was not
out, but evidently utterly unable to
defend himself and his seconds saved
him further useless punishment by
throwing up the sponge. Both men
were severely punished. Gardner's
left eye and Root's right were opened
in the seventh round at the same in-
stant and both men bled freely until
the end. Root's left hand was shat-
tered in the second round when he
landed a left hook on the back of
Gardner's head and was of little use
to him as far as punishing power was
concerned from that time on.

The betting before the men entered
the ring was 10 to 7 on Root.

BALL-BEARING JOURNALS.

New Device Being Tried Which May
Revolutionize Freight Traffic.

Chicago, Aug. 19.—Experiments are
being conducted by the Illinois Cen-
tral with a device that may revolu-
tionize the freight carrying business.
The experiments are being made with
a box car, the trucks of which are
fitted with ball bearing journals,
which make the car run so easily that
a single person can move it. This
feat was easily accomplished by many
persons who were examining the car
as it stood in the yards. The bearing
consists of four races of three quarter
inch balls. The latter are built to
take the thrust of the car when going
around a curve. There are 132 three-
quarter balls in each journal, each of
which will sustain a crushing strain
of 78,000 pounds. The smaller balls
will sustain a weight of 38,000 pounds.
The car in question was loaded with
80,000 pounds of steel casting, and
made the trip to New Orleans, where
it was loaded with coffee and returned
to Chicago. It is stated that the
journals have an average life of seven
years, which is much longer than the
journals now in use. The most im-
portant advantage claimed for them is
the great ease with which they can be
moved. If practicable, train loads can
easily be doubled and hauled with the
same power now used. This would
mean great economy in operation.

SHAH ATTENDS A BANQUET.

Persian Ruler Guest of Honor at Buck-
ingham Palace.

London, Aug. 19.—The shah of Per-
sia drove in state to Buckingham
palace to attend the state banquet
given in his honor. He was escorted
by a detachment of cavalry. The
sixty guests of the evening included
the Prince of Wales, who represented
King Edward, Prince Arthur of Con-
naught, the chiefs of his majesty's
household, Prime Minister Balfour,
Colonial Secretary Chamberlain and
other ministers and Earl Roberts,
Lord Wolseley and Lord Kitchener.

Failed to Secure a Pension.

Salt Lake, Utah, Aug. 19.—Calvin
B. Potter, an attorney of this city and
at one time prominent in Michigan
state politics, committed suicide by
taking morphine. Potter, who served
throughout the Civil war, had been
trying for twelve years to secure a
pension, and despondency over his
failure is believed to be the cause of
his suicide. Potter is said to have
been wealthy at one time.

Hughey McGovern Knocks Out Reed.

New Britain, Conn., Aug. 19.—
Hughey McGovern knocked out Willie
Reed of Brooklyn at the National
Athletic club in the sixth round of a
bout scheduled for twenty rounds.
Both boys appeared to be in fine con-
dition when they entered the ring, but
after the first round the outcome of
the fight was never in doubt.

COUNCIL BLUFFS MAY LOSE.

Mining Company Thinks Its Assess-
ment is Too High.

Council Bluffs, Ia., Aug. 19.—At a
meeting of the stockholders of the
Portland Gold Mining company the
directors were empowered to file ar-
ticles of incorporation in some other
state unless the local authorities of
Council Bluffs and Pottawattomie
county abandoned their intention to
assess and tax the Portland company
on its capital stock.

The action of the stockholders does
not necessarily mean that the com-
pany will remove from this city, but
under the authority granted the di-
rectors may do so at any time. In case
of removal both Colorado and Wyom-
ing are spoken of.

During the trial of the Doyle-Burns
case a year ago, when a million dol-
lars of stock in the company was in-
volved, testimony was given to show
that the stock was worth \$5 a share.
The city assessor assessed the com-
pany, under a recently passed law, on
the market valuation of its capital
stock, namely, \$9,000,000. He notified
the company that it might make a
statement of its assets of property in
other states. This statement was
made out, but later withdrawn, and
the assessment allowed to remain as
originally made. The validity of the
law probably will be tested.

SUNKEN STEAMER SOLD.

Two Duluth Men Buy Wrecked Vess-
l Thomas Wilson.

Duluth, Aug. 19.—The sunken steam-
er Thomas Wilson has been sold by
the Pittsburgh Steamship company to
F. W. Wieland and George A. Wie-
land of Duluth. The consideration is
withheld by the steamship company
and by the purchasers, but it is re-
liably stated that the price was below
\$10,000. The value of the steamer
and her cargo of ore before the dis-
aster was about \$225,000. The Wilson
lies in seventy-three feet of water and
as she was drawing between eighteen
and nineteen feet, she had about fifty-
three feet to sink.

Man Drowned at Duluth.

Duluth, Aug. 19.—Gaylord T. Shu-
man was drowned just south of the
interstate bridge. He was a clerk in
the establishment of Marshall-Wells,
and lived on Park point. Shuman
was rowing a boat when a gale sprang
up. He hailed a passing tug for as-
sistance and a life line was thrown
him. When almost drawn onto the
tug his hand slipped and he dis-
appeared. The body has not yet been
recovered.

OVER A BROKEN ENGAGEMENT.

Robert R. Remington Commits Suicide
at Newport, R. I.

Newport, R. I., Aug. 19.—Disap-
pointment over a broken matrimonial
engagement is believed to have been
the cause of the suicide here of Robert
Remington of New York. Mr. Remington
came over to the club
house from his rooms at the La Forge
cottage during the afternoon and after
reading the papers for some time
went to the committee rooms on the
second floor. An hour and half later
two muffled shots were heard, but
those in the building paid no attention
to them. Later Mr. Remington's body
was found by a member who went to
the committee room. Remington evi-
dently had been dead for some time.
A local undertaker took charge of the
body.

Mr. Remington was well known
among the summer residents in this
city and had been closely identified
with the social world here for the last
seven or eight years. His engage-
ment to Miss May Van Alen, daughter
of James Van Alen and grand daugh-
ter of Mrs. William Astor, has been
discussed for some months. At first
it was denied, and then affirmed, but
it is generally believed that there was
a definite engagement, which, how-
ever, was broken some three weeks
ago. It is said Mr. Van Alen was
greatly opposed to the engagement
from the beginning. Since then Mr.
Remington has been despondent, al-
though when asked about the engage-
ment he steadily affirmed that he was
to be married in the fall. He left
the city about a week ago, breaking up
his domestic arrangement here and
sending away all his effects. Last
Thursday, however, he suddenly re-
turned to Newport. He had frequented
the reading room of the leading
club of Newport, and seemed to de-
sire to be left alone.

When the body was discovered
blood was coming from the mouth
and a revolver was found by the dead
man's side. A physician found that
three shots had been fired from the
revolver and an examination of the
head showed that all three had taken
effect. The first bullet apparently
ploughed across the forehead, cutting
a deep gash, and the second glanced
up over the head, making a furrow on
the top of the cranium, but still not
entering the skull. The third shot
was fired through the mouth and the
bullet entered the brain, death prob-
ably resulting instantly.

Mr. Remington was thirty-five years
old and a member of the firm of Re-
mington Bros., New York. He had al-
ways been known as a man of quiet
tastes. His death has caused a tre-
mendous sensation here.

ishment—Gardner Devotes His En-
tire Attention to Root's Stomach,
Regardless of the Latter's Blows on
His Face—Root's Left Hand Broken.

Salt Lake City, Utah, Aug. 19.—
George Gardner of Lowell, Mass., de-
cisively defeated Jack Root of Chi-
cago, who defeated him several
months ago in San Francisco, by
knocking him out in the seventeenth
round of a fight remarkable for its
speed and the gameness under punish-
ment shown by both men.

Gardner showed a knowledge of
Root's weak spot—his stomach—and,
disregarding Root's left jabs, which
found his face time and again, de-
voted his entire attention to Root's
stomach. Root showed the effects of
the body punishment he received as
early as the seventh round and plain-
ly lost speed after that round.

Gardner was very tired in the
twelfth and thirteenth rounds, but
came up fresh again in the fifteenth
round, and, utterly disregarding Root's
jabs on his cut and bleeding face, put
his head between his shoulders like
Terry McGovern, and bored in. Root
was in distress in an instant. Half a
dozen rights and lefts squarely in the
pit of the stomach brought him to his
knees near the ropes, the gong saving
him. Root went down again in the
sixteenth from a left hook on the shin
which all but put him in dreamland.
The end came in the next round.
Gardner paying no attention to Root's
swings, rushed his man to the ropes,
planted his left and right to the
stomach and the latter went down
gasping for breath. Root got up only
to go down again. The third time
he struggled to his feet Gardner was
on him like a flash. Working his
right and left like piston rods, Gardner
fairly caved in Root's ribs and the
latter sank slowly to his knees, then
rolled over on his back. He was not
out, but evidently utterly unable to
defend himself and his seconds caved
him further useless punishment by
throwing up the sponge. Both men
were severely punished. Gardner's
left eye and Root's right were opened
in the seventh round at the same in-
stant and both men bled freely until
the end. Root's left hand was shat-
tered in the second round when he
landed a left hook on the back of
Gardner's head and was of little use
to him as far as punishing power was
concerned from that time on.

The betting before the men entered
the ring was 19 to 7 on Root.

BALL-BEARING JOURNALS.

New Device Being Tried Which May
Revolutionize Freight Traffic.

Chicago, Aug. 19.—Experiments are
being conducted by the Illinois Cen-
tral with a device that may revolu-
tionize the freight carrying business.
The experiments are being made with
a box car, the trucks of which are
fitted with ball bearing journals,
which make the car run so easily that
a single person can move it. This
feat was easily accomplished by many
persons who were examining the car
as it stood in the yards. The bearing
consists of four races of three quarter
inch balls. The latter are built to
take the thrust of the car when going
around a curve. There are 132 three-
quarter balls in each journal, each of
which will sustain a crushing strain
of 78,000 pounds. The smaller balls
will sustain a weight of 38,000 pounds.
The car in question was loaded with
80,000 pounds of steel casting, and
made the trip to New Orleans, where
it was loaded with coffee and turned
to Chicago. It is stated that the
journals have an average life of seven
years, which is much longer than the
journals now in use. The most im-
portant advantage claimed for them is
the great ease with which they can be
moved. If practicable, train loads can
easily be doubled and hauled with the
same power now used. This would
mean great economy in operation.

SHAH ATTENDS A BANQUET.

Persian Ruler Guest of Honor at Buck-
ingham Palace.

London, Aug. 19.—The shah of Per-
sia drove in state to Buckingham
palace to attend the state banquet
given in his honor. He was escorted
by a detachment of cavalry. The
sixty guests of the evening included
the Prince of Wales, who represented
King Edward, Prince Arthur of Con-
naught, the chiefs of his majesty's
household, Prime Minister Balfour,
Colonial Secretary Chamberlain and
other ministers and Earl Roberts,
Lord Wolseley and Lord Kitchener.

Failed to Secure a Pension.

Salt Lake, Utah, Aug. 19.—Calvin
B. Potter, an attorney of this city and
at one time prominent in Michigan
state politics, committed suicide by
taking morphine. Potter, who served
throughout the Civil war, had been
trying for twelve years to secure a
pension, and despondency over his
failure is believed to be the cause of
his suicide. Potter is said to have
been wealthy at one time.

Hughey McGovern Knocks Out Reed.

New Britain, Conn., Aug. 19.—
Hughey McGovern knocked out Willie
Reed of Brooklyn at the National
Athletic club in the sixth round of a
bout scheduled for twenty rounds.
Both boys appeared to be in fine con-
dition when they entered the ring, but
after the first round the outcome of
the fight was never in doubt.

COUNCIL BLUFFS MAY LOSE.

Mining Company Thinks Its Asse-
sment is Too High.

Council Bluffs, Ia., Aug. 19.—At a
meeting of the stockholders of the
Portland Gold Mining company the
directors were empowered to file ar-
ticles of incorporation in some other
state unless the local authorities of
Council Bluffs and Pottawattomie
county abandoned their intention to
assess and tax the Portland company
on its capital stock.

The action of the stockholders does
not necessarily mean that the com-
pany will remove from this city, but
under the authority granted the di-
rectors may do so at any time. In case
of removal both Colorado and Wyo-
ming are spoken of.

During the trial of the Doyle-Burns
case a year ago, when a million dol-
lars of stock in the company was in-
volved, testimony was given to show
that the stock was worth \$5 a share.
The city assessor assessed the com-
pany, under a recently passed law, on
the market valuation of its capital
stock, namely, \$9,000,000. He notified
the company that it might make a
statement of its assets of property in
other states. This statement was
made out, but later withdrawn, and
the assessment allowed to remain as
originally made. The validity of the
law probably will be tested.

SUNKEN STEAMER SOLD.

Two Duluth Men Buy Wrecked Vess-
Thomas Wilson.

Duluth, Aug. 19.—The sunken steam-
er Thomas Wilson has been sold by
the Pittsburg Steamship company to
F. W. Wieland and George A. Wie-
land of Duluth. The consideration is
withheld by the steamship company
and by the purchasers, but it is re-
liably stated that the price was below
\$10,000. The value of the steamer
and her cargo of ore before the dis-
aster was about \$225,000. The Wilson
lies in seventy-three feet of water and
as she was drawing between eighteen
and nineteen feet, she had about fifty-
three feet to sink.

Man Drowned at Duluth.

Duluth, Aug. 19.—Gaylord T. Shu-
man was drowned just south of the
interstate bridge. He was a clerk in
the establishment of Marshall-Wells,
and lived on Park point. Shuman
was rowing a boat when a gale sprang
up. He hailed a passing tug for as-
sistance and a life line was thrown
him. When almost drawn onto the
tug his hand slipped and he disap-
peared. The body has not yet been
recovered.

OVER A BROKEN ENGAGEMENT.

Robert R. Remington Commits Suicide
at Newport, R. I.

Newport, R. I., Aug. 19.—Disap-
pointment over a broken matrimonial
engagement is believed to have been
the cause of the suicide here of Robert
Remington of New York. Mr. Remington
came over to the club
house from his rooms at the La Forge
cottage during the afternoon and after
reading the papers for some time
went to the committee rooms on the
second floor. An hour and half later
two muffled shots were heard, but
those in the building paid no attention
to them. Later Mr. Remington's body
was found by a member who went to
the committee room. Remington evi-
dently had been dead for some time.
A local undertaker took charge of the
body.

Mr. Remington was well known
among the summer residents in this
city and had been closely identified
with the social world here for the last
seven or eight years. His engage-
ment to Miss May Van Allen, daughter
of James Van Allen and grand daugh-
ter of Mrs. William Astor, has been
discussed for some months. At first
it was denied, and then affirmed, but
it is generally believed that there was
a definite engagement, which, how-
ever, was broken some three weeks
ago. It is said Mr. Van Allen was
greatly opposed to the engagement
from the beginning. Since then Mr.
Remington has been despondent, al-
though when asked about the engage-
ment he steadily affirmed that he was
to be married in the fall. He left
the city about a week ago, breaking up
his domestic arrangement here and
sending away all his effects. Last
Thursday, however, he suddenly re-
turned to Newport. He had frequented
the reading room of the leading
club of Newport, and seemed to de-
sire to be left alone.

When the body was discovered
blood was coming from the mouth
and a revolver was found by the dead
man's side. A physician found that
three shots had been fired from the
revolver and an examination of the
head showed that all three had taken
effect. The first bullet apparently
ploughed across the forehead, cutting
a deep gash, and the second glanced
up over the head, making a furrow on
the top of the cranium, but still not
entering the skull. The third shot
was fired through the mouth and the
bullet entered the brain, death prob-
ably resulting instantly.

Mr. Remington was thirty-five years
old and a member of the firm of Re-
mington Bros., New York. He had al-
ways been known as a man of quiet
tastes. His death has caused a tre-
mendous sensation here.
